Proto Curved Jaw Pliers - 9-1/4"

Marque: PROTO

Ref Product: wire:J292XL

Ref Mcmining: PRJ292XL

Features and Benefits
• Locking mechanism helps leave both hands free when clamping, helping to eliminate squeezing action and general hand fatigue when manipulating. • Tip of release lever projects at end of handle for a quick, no-pinch, powerful release especially when tools are firmly locked. • Spring loaded release lever is out of the way when handling. • Drop forged jaws and rugged tooth profile for durability and toughness. • Holes in mobile jaw are drilled and not press punched to ensure they are cylindrical to ensure maximum bearing with rivets. (Punched holes tend give poor bearing.) • Large diameter of rivets to help permit secure joints adding to the durability and robustness of the tools. • Piano wire spring for smooth and efficient jaw opening. • Jaw Opening: 2-23/64" • Jaw Hardness: 49-53 PROTO CURVED JAW PLIERS (J290XL, J292XL) • Narrow large opening curved shaped jaws. • Allows firm hold on all round shapes. • Universal tool for multi-use.
