Blade - 5 Jigsaw Blades for Wood Bi-Metal XPC T144D

Marque: DEWALT

Ref Product: wire:DT2213QZ

Ref Mcmining: DEWALTDT2213

Description
DeWalt DT2213QZ 5 Jigsaw Blades for Wood Bi-Metal XPC T144D (Pack)
Â
The DeWALT DEWDT2213QZ thicker bi-metal blades provide a unique blade solution for ultimate control and accuracy of cut, even on the tightest of corners. They feature a plunge point tip design for easy plunge cutting with no kick-back and extra long life bi-metal blades which provide up to twice the number of cuts of standard HCS blades.
The XPC Jigsaw blades have a new optimised tooth angle which provides long life and clean tear-free cuts at high speeds in all wood materials.
The DeWALT DEWDT2213QZ "Speed Wood" XPC Jigsaw blade provide fast accurate cutting in wood, chipboard, plywood, laminates and plastic and include the following specifications:
Material: HCS.
Type: T144D.
60mm cutting thickness.
100mm blade length.
