Description
DeWalt Bi-Metal Reciprocating Blades - 152 mm - Pack of 5 - DT2346QZ
The DeWalt reciprocating bi-metal construction blades combine high carbon steel (HCS) and high speed steel (HSS) for increased flexibility and durability.
These blades are designed for use with cordless machines. The universal shank fits all major brands including DeWalt, Bosch, Hitachi, Flex, Makita, Metabo and Skil.
The DT2346 blades are ideal for fast cutting of ferrous and non-ferrous metals up to 3mm thick.
Specifications:
Length: 152 mm
Pitch: 1.4 mm
Pack Quantity: 5
