Chaussure - WARRAGUL

Marque: STEEL BLUE

Ref Product: wire:322309

Ref Mcmining: CHAWARRAGUL---

Description
The Warragul is a 150mm Men’s galosh style, Lace Up Ankle Boot with padded collar and bellows tongue. A popular 100% comfortable choice for Truck Maintenance, Industrial Cleaners and Welders. The durable Nitrile Outsole is heat resistant to 300Â°C and offers Anti-Static properties. The Warragul includes a 200 joule safety Steel Toe Cap and is made from premium Chemical Resistant TECtuff® Leather. Our TECtuff® Leather Boots, have been tested and are compliant with the ISO Standard 13832-2. The boots are tested based on exposure to Sodium Hydroxide 30% and Sulphuric Acid 90%. If you require information about how our Chemical Resistant boots perform with other chemicals, Steel Blue boots feature Trisole® Comfort Technology which cushions your feet, knees, hips and lower back from day-to-day fatigue. The Warragul is available from size 3, up to size 15 and size 16.
Specifications
Boot Technology
Leather Boots made from high quality, long-lasting leather, including Nubuck, Full-Grain, TECtuff®, Suede and more. **Steel Toe Cap** Made from hardened steel for premium toe protection. **Nitrile Outsole** Superior resistance to abrasion and heat resistance to 300Â°C. **Slip & Oil Resistanc**e All Steel Blue footwear is designed to exceed the Slip resistance requirement in Read More **Anti-Static** Prevents the build-up of static electricity within your body by dissipating it through the sole. **Water Resistant** A treatment during the manufacturing process provides water resistance so that water is repelled from the surface. **Chemical resistant** Boots that have Kevlar® threads and are resistant against caustic soda and sulphuric acid. **Lace Up** A classic fastening for snug, well-fitting work boots. **Fresche® Bioscience** A renewable resource that offers long-term antibacterial and antimicrobial protection against fungus, bacteria and the odours caused by bacteria.
Materials

TECtuff® Leather
As the name suggests, TECtuff® is a durable, coated Leather that is treated during the tanning process

Baltico® Lining
A soft, non-abrasive, hydrophobic material that wicks perspiration away from the foot, enabling the skin to remain cool and dry.

Ortho Rebound® Footbed
Our patented Ortho Rebound® Footbed is uniquely designed to reduce foot fatigue. Made from high quality

Poron
Strategically placed high-tech Poron® pads are placed in the sole and under your foot's peak stress

Kevlar® Thread
These boots are stitched with strong, heat resistant Kevlar® aramid fibre thread which is five times

Non-Corrosive Eyelets
These eyelets have been constructed to outlast standard eyelets, which can weaken with corrosive materials.
