SEALANT JM106 Mastic silicone resistant aux intempéries - 780g

Marque:

Ref Product: wire:SIL-JM106

Ref Mcmining: SIL-JM106

DESCRIPTIONS
SEALANT JM106 Mastic silicone avancé résistant aux intempéries 780g
It is single component, neutral and room temperature curing silicone sealant, which has good extrudability and thixotropy in the temperature range of 4°C to 40°C
Applications
· Different kinds of door and window assembly and sealing.
Shelf life
12 months.
Characteristics
· Good adhesion to the surface of most building materials. · Good weather resistance, ageing resistance, ozone resistance, UV resistance and high and low temperature resistance property, which is an ideal weather-proof sealant material.
