Silicone Full Facepiece 7600 Series

Marque: NORTH

Ref Product: wire:760008

Ref Mcmining: MAS760008------

Specification:	
	Optimal comfort is provided with this 100% silicone facepiece. Other features include a five strap head harness and dual flange sealing area for the best fit available. The great fit and comfort of the North 7600 Series is available with a welding attachment. When used with North combination filter cartridges, or the North airline adapter, this facepiece is ideal for welding in environments where gases and vapors may be present. Refer to page 10 for a list of cartridges and filters*. Both the North 7600 and 5400 Full Facepiece Welding Respirators feature a welding shield constructed of a fire resistant thermoplastic material, that can be lifted upward on a locking hinge for a wide view of the work area. A standard 2"x 4.25" filter cover plate is installed. The 7600 Series Full Facepiece offers the same fit, comfort and reliability of the North 7700 silicone half mask. **Full Facepiece, Silicone,5 Strap Head Harness, With Speaking Diaphragm** - Cartridges and filters sold separately. - Welding filters sold separately **MADE IN USA**
