LEADER IN INDUSTRIAL TOOLS & EQUIPMENT

Technical sheet

PVC threaded pipe BLUE UPVC PLAIN - ONE BELL END AND BOTH THREADED ENDS

Marque:

Ref Product: wire:FORPIPEPLAIN

Ref Mcmining: FORPIPEPLAIN

Description	
PVC threaded pipe BLUE UPVC PLAIN PIPES WITH ONE BELL END AND BOTH THREADED ENDS Tuyau fileté PVC plain, D125mm, TH 6mm, L2,9m 1bout cloche, 2 bout fileté light weight, convenient handling,loading an unloading Corrosion resistance (acid resistance, alkali resistance…)s excellent drug properties Low fluid resistance Hight mechanical strength Good electrical insulation Doesn't affect water quality Good water tightness Easy construction	
APPLICATION	
- Tap water engineering, - drilling engineering, - electrical engineering, - construction engineering, - sewer engineering, - electric wire engineering, - natural gas engineering, - chemical factory, - papper factory, - electroplating factoty, - agricultural field, - mine, - aquaculture industry, - highway engineering, - golf cource engineering, - fishery, - fermentation factory…	
TECHNICAL SPECIFICATION	
Density :	1350 – 1460
Softening temprature :	?80°C
Drop hammer impact test TIR:	?5%
Hydraulic test:	No crack, no leakage
Join seal test:	No crack, no leakage
Content of vynil chloride monomer:	?1.0mg/kg
Standard :	**GB/10002-2006**

	GB/T17219-1998 (Health performance)
Length	2.9M
OD mm	125
epaisseur mm	6
