**Ear Plug Dispenser**

Marque: NORTH

Ref Product: wire:280000

Ref Mcmining: ORE280000-NORTH

| | |
|---|---|
| **Description** | Ear Plug Dispenser for DeciDamp2 and Deci4200 Ear Plugs<br><br>The new North ear plug dispenser allows users to do away with dispensers that jam or dispense several plugs at a time. Jammed dispensers result in wasted time and inefficiencies at the dispensing site.<br><br>Ear plugs are dispensed directly into the hand of the user, thereby eliminating the possibility of ear plug contamination.<br><br>Ear plug refills are sold in containers of 500 pairs of loose ear plugs. Each refill is sealed for your protection with tamper evident tape. A simple push tab allows easy removal of the dispenser from the mounting bracket for refill replacement.<br><br>Each dispenser comes with a wall mount bracket, and an optional tabletop stand is available.<br><br>**MADE IN USA** |
| **Features and Benefits** | â€¢ Patented mechanism dispenses one plug at a time - less wasted time at job site, no wasted plugs which saves money.<br>â€¢ Plugs dispensed directly to the user - reduces possibility of plug contamination.<br>â€¢ Dispenses either DeciDamp2 or Deci4200 ear plugs - greater flexibility, same dispenser for either plug.<br>â€¢ "Snap" on/off refill - quick, easy replacement; saves user time and money.<br>â€¢ Dispenser comes with wall mount (table top stand optional) - convenient; quick and easy access to a fresh pair of ear plugs.<br>â€¢ Locking tab on wall mount - cannot dislodge from bracket.<br>â€¢ Refill sealed with tamper evident tape - safe and secure. |
