SC200 - Extra heavy duty cleaner - 25 litre

Marque: REINOL

Ref Product: wire:01C03D

Ref Mcmining: REINOL01C03D

Specification	
	A highly concentrated, caustic based industrially degreaser designed specially for cleaning tasks witch defy normal liquid detergent compounds. **Will attack aluminium parts and painted surfaces.** Ideal for unpainted concrete floors, driveways, garage forecourts etc. Prime targets for SC-200 are very dirty, greasy concrete floors. SC-200 is an outstanding concrete cleaner. It may be used to clean air filters, conveyor systems, boiler room walls, heavy duty construction equipment, engines or machinery, printing presses, exhaust hoods, as well as being an effective compound for use in dip tanks, soak tank cleaning and metal cleaning prior to descaling operations. Extensively used in steel production plants and the mining industry.
Content	25 Litre
Brand	**REINOL**
