Technical sheet

Proto Straight Jaw Pliers - 7-15/32"

Marque: PROTO

Ref Product: wire:J291XL

Ref Mcmining: PRJ291XL

Features and Benefits
• Locking mechanism helps leave both hands free when clamping, helping to eliminate squeezing action and general hand fatigue when manipulating. • Tip of release lever projects at end of handle for a quick, no-pinch, powerful release especially when tools are firmly locked. • Spring loaded release lever is out of the way when handling. • Drop forged jaws and rugged tooth profile for durability and toughness. • Holes in mobile jaw are drilled and not press punched to ensure they are cylindrical to ensure maximum bearing with rivets. (Punched holes tend give poor bearing.) • Large diameter of rivets to help permit secure joints adding to the durability and robustness of the tools. • Piano wire spring for smooth and efficient jaw opening. • Jaw Opening: 1-21/32" • Jaw Hardness: 49-53 PROTO STRAIGHT JAW PLIERS (J291XL, J293XL) • Heavy duty nose. • Reinforced precisely machined teeth. • Strong, tough tool. • Helps provide secure grip for extra tough jobs. • General purpose for various maintenance situations.
