Technical sheet

Fosera POWER LINE LSHS 9800 Home Edition + 2 lamps 400Lm - 1 lamp 200Lm

Marque: FOSERA

Ref Product: wire:fos_pwrline_9800_kit

Ref Mcmining: LAMPSFOSERLSHS9800

Description	
fosera POWER LINE LSHS	fosera LSHS is a 12 V power system to meet higher energy demands. With two USB outlets our customers are enabled to fulfill their basic energy needs as phone charging
Efficient fosera Light	fosera Lamps use high-efficient LED technology with a very long life-time. Based on 5 operating hours per day the LEDs can last up to 27 years without a significant reduction in brightness.
Modern Battery Technology Image not found or type unknown	uses high-quality and long-lasting lithium iron phosphate (LiFePO4) battery technology. Combined with our intelligent battery charge management, the battery can be used for five to ten years and is completely maintenance-free. Smartly programmed charge controllers optimize the life span of the batteries enormously; an intuitive designed LED display shows the state of battery charge.
Technical specification	
fosera POWER LINE LSHS	Image not found or type unknown
LED Lamps	lamps 400 lumens x 2 ,lamp 200 lumens x 1
	inbuilt cable – 6m per lamp switch included
Solar Panel	20W crystalline silicon, 10m cable length panel to LSHS box
Battery	9.8Ah, 13 voltÂ LFPo4 batteryÂ
Included Accessories	
Maximum number of loads	4 + 2 USB
USB outlet	2* USB 500 mA output
Daily operation time of the included lamps*	2* lamp 400 + 1* lamp 200 = 9,2 hrs

Image not found or type unknown
