Technical sheet

Abrasive - Disc -BDX Cutting - Grinding Discs for Ferrous Metal - 230x6.5mm

Marque: NORTON

Ref Product: wire:66252831440

Ref Mcmining: NOR66252831440

Description
BDX Cutting and Grinding Discs for Ferrous Metal - , 230x6.5mm Reinforced discs for use on portable angle grinders and some stationary machines Suitable for cutting and grinding applications made from Aluminium Oxide for ferrous metals
Technical specification
Abrasive Material: Aluminium Oxide Disc Diameter: 230mm Thickness: 6.5mm Bore Size: 22.23mm Number in Pack: 10 Maximum Safe Speed: 6600rpm
