Technical sheet

1" Drive Male/Female Ratchet

Marque: PROTO

Ref Product: wire:J5849

Ref Mcmining: PRJ5849

Features and Benefits
An extra safety factor is provided through the use of a spring loaded pellet in each male drive plug that snaps into a hole in the drive end of the socket and acts like a retaining pin - the socket stays locked on until the pellet is depressed and the socket is removed • Unique 24 tooth gear/floating pawl design provides 15° ratcheting angle while maximizing the ultimate torque • Thin head design for access into tight work areas • Reversing lever designed for quick, one hand operation
