DISQUE SELFGRIP PERFORE MULTIAIR NORTON PRO PLUS 125 X 18 A975 GR 800

Marque: NORTON

Ref Product: wire:66254477934

Ref Mcmining: NOR66254477934

Description
Multi-Air Plus - Selfgrip Discs
Antiloading disc selfgrip 125x18mm Gr800 Multi-Air Holes Norton MULTI-AIR
Artical Number: 66254477934
SizeDerived: 125x18mm
Description
Multi-Air Plus discs are designed for the most demanding sanding applications on primed and painted surfaces, composites, marine gel coat, and
non-ferrous metals. Using a combination of SG and premium heat-treated aluminium oxide grains, it is suited for sanding of tougher or more
resistant surfaces such as ceramic coatings.
Features & Benefits
Norton SG ceramic abrasive blended with premium heat treated aluminium oxide abrasive.
SG ceramic blended with heat treated aluminium oxide grains provides a high, fast cut rate on primer, paint, composites, marine gel coat and non-ferrous metals
The blend of grain provides a consistent and uniform scratch pattern, maintaining the desired surface finish and excellent wear resistance
Very high cut rate, lasting up to twice as long as conventional abrasives.
In P80-P120 discs, the backing is thicker for more aggressive use, P150-P800 is thinner, for better flexibility in finer applications
The unique hole configuration and No-Fil® coating resists loading to extend disc life by up to two times longer than conventional discs when sanding dry or wet. Disc colour will not transfer to the surface of the working area
