Technical sheet

CAST IRON-EL GHISA5.15 D 3.2X350-PCS 9 BLISTER-STANLEY

Marque: STANLEY

Ref Product: wire:90029

Ref Mcmining: SOUD90029-STANLEY

Description	
90029 CAST IRON-EL GHISA5.15 D 3.2X350-PCS 9 BLISTER-STANLEY Stanley A515 Cast Iron Welding Electrodes in Blister 3.2mm High-Quality Stanley A515 Cast Iron Welding Electrodes Designed For Precision And Durability. Ideal For Repairing And Welding Cast Iron Parts, Offering Excellent Arc Stability	
Technical specification	
Product Type	Cast Iron Welding Electrodes
Pack content	9 pieces
Diameter (Ø)	3 ,2 mm
Length	350 mm
Usage	Repairing and welding cast iron
Compatibility	Standard welding machines
Packaging	Blister pack
