METRIC OFFSET BOX WRENCHES - 12 POINT - FULL POLISH

Marque: PROTO

Ref Product: wire:J1061M

Ref Mcmining: PRJ1061M

Specification:	- Full polish finish provides corrosion resistance and easy to clean surfaces. - 12 point box end allows for fine indexing, helping to improve speed and access. Fits 4, 6 and 12 point fasteners. - Offset box end allows access to recessed fasteners and keeps hands clear of obstructions. - Box ends incorporate the TorquePlus™ system. - Proto® TorquePlus™ wrenches are ideal for use on stubborn or damaged fasteners, and also on fasteners made from soft materials. - The TorquePlus™ design is a high performance drive configuration which allows for quick and easy wrench engagement to the fastener flats, not the corners. - The TorquePlus™ configuration employs a radius-corner design, shifting contact area and stress away from the fastener corners and distributing contact stresses over a large area of the box end, minimizing slippage. - The TorquePlus™ internal design minimizes fastener rounding, helps to extend fastener life, and allows the user to more easily turn worn, rounded, or rusted fasteners.
Size:	14 x 15 mm - C: 22.2 - C1: 20.8 - L: 246.3
ASME Spec.	ASME B107.100
AS Spec.	AS954E S3.8.1
