LEADER IN INDUSTRIAL TOOLS & EQUIPMENT

Technical sheet

Immersion suit

Marque:

Ref Product: wire:ZHBFK-II

Ref Mcmining: GILSAUVZHBFK-II

Description:	- Waterproof bouyancy and heat preservation - Equip the whistl and the positioning indicating light - Use for lifesaving and heat preservation into cold water and dicky environment
Technical parameters:	
- Weight:	4 - 5 Kg
- Time of wearing:	< 2mn
- Buoyancy	>=150N (after falling into water, the wearer within 5 seconds keeps head, neek and shoulder above the water)
- Freeboard:	>= 120mm
- Buoyancy expend after 24 h	=< 5%
- Heat preservation performance:	The wearer floating 6h in 0°C - 2°C lenitic, animal heat don\'t reduce less than 2°C
- Waterproof performance:	After dipping in water 1h, add weight =< 200g
- Store temperature	-30°C - 60°C
Certification	- CE - GB9953-88, BG9954-88 - SOLAS - MSC.81 (70) of IMO
